Dear Mr. Andy Tobin, Mr. Tom Forsee, Mr. Doug Little, Mr. Bob Stump and Mr. Bob Burns,

Regarding the EEP fees which were approved some time ago by the Arizona Corporation Commission: are there plans to repeal or fix this awful method of charging? I know you may not be to blame for the vote that allowed the EEP and the decoupling but can you do something to eliminate this infuriating method of charging PLEASE?

It is just so annoying to see that the EEP is higher than 50% of my \$31 usage fee. I really don't care how it is calculated but it does not appear to be fair or reasonable. We are putting on warm clothes in the house to use less gas and Southwest Gas can charge more. I just think it is wrong and it sounds absurd.

Sincerely,
John Corradini
